Imagine how much an F-Series Super Duty will haul over its lifetime. Stumps. Brush. Fence posts. Cinder blocks. Hay bales. Aggregate. Tools. Generators. Landscaping materials. Pea gravel. 5th-wheel/gooseneck trailers. This cargo box is engineered with extreme capability in mind.

It's the first and only one in its class made from high-strength, military-grade aluminum alloys.¹ Dent-and-ding resistance inside: better than steel. Susceptibility to red rust: gone. The only thing more special is this: best-in-class max. payload can sit inside these walls.
